CADILLAC It's a Safe Used Car to Buy

SPECIAL VALUES NOW

A rebuilt Cadillac is superior to any new car at the same price. They are the truest values on the street. By rebuilt we mean that the cars have been entirely taken apart, each part examined and, if necessary, replaced by a new part made at the Cadillac factory; the snitre car retainted and refinished like new; all equipment put in first class condition—the whole car, in fact, carefully reconstructed until it is as good as new in every detail.

We offer Cadillacs exclusively as we do We offer Cadillacs exclusively as we do not accept other makes in trade. Consequently we are as interested in the performance of these rebuilt cars as we are in new Cadillacs. In actual service values these cars are worth a great deal more than we ask for them, and we usually have a variety of body styles to select from. See them before you buy.
